PROFESSIONAL SUMMARY

High-performing Computer Science Engineering student (**CGPA: 9.26**) with **strong foundations in Data Structures & Algorithms, Full-Stack Development (MERN), and Machine Learning**. Experienced in building scalable web applications. Proven leadership abilities as **President of English Forum and award-winning MUN delegate**. Passionate about building innovative solutions to real-world problems.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering | Visvesvaraya Technological University (VTU) | Graduation: 2027 | CGPA: 9.26

Senior Secondary (12th Grade) | Graduated: 2023 | Percentage: 89%

Secondary (10th Grade) | Graduated: 2021 | Percentage: 93.48%

TECHNICAL SKILLS

Programming Languages: Java, Python

Web Development: HTML, CSS, JavaScript, React.js, MERN Stack

Database: MySQL, MongoDB, DBMS Concepts, NoSQL, PostgreSQL

Core Concepts: Data Structures & Algorithms, OOPS, REST APIs

Frameworks & Tools: PyTorch, PyTorch Geometric, Node.js, Express.js, FastAPI

Developer Tools: Git, GitHub, Postman, Thunder Client, JDBC, XML, Pandas

ACADEMIC PROJECTS

QuantumShield - AI-Powered Blockchain Anomaly Detection System

Tech Stack: Python, FastAPI, React.js, PyTorch, GraphSAGE, LSTM, Isolation Forest

- Built a real-time Ethereum transaction monitoring system using GraphSAGE, LSTM, and Isolation Forest for anomaly detection.
- Implemented FastAPI and WebSocket backend with Oracle, PQC, and Validator security layers.
- Developed a React dashboard for live transactions, wallet visualization, alerts, and AI risk assessment.

SmartSpender - Personal Finance Management Platform

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Built a full-stack personal finance platform for expense tracking, budgeting, savings goals, and spending analytics.
- Implemented Safe-to-Spend calculations, wallet synchronization, authenticated REST APIs, and persistent MongoDB financial data.
- Integrated OpenStreetMap API for budget-based nearby restaurant recommendations.

Parampara – Cultural Heritage WebApp

Tech Stack: MERN Stack, HTML, CSS, JavaScript, AR-VR APIs

- Built a gamified cultural exploration platform with an interactive map enabling users to discover Indian heritage through thematic trails and storytelling.
- Integrated AR/VR-based monument visualization using uploaded images and videos for interactive virtual exploration.
- Developed community-driven features allowing users to upload cultural locations and media, automatically generating shared VR experiences.

Social Network Influence Prediction Using Graph Neural Networks (GNNs)

Tech Stack: Python, PyTorch Geometric, GNN, Machine Learning

- Developed Graph Convolutional Network (GCN) model predicting influential nodes using Twitter UPFD and Facebook Ego datasets.
- Designed 2-layer GCNConv architecture (64 hidden units) achieving 75–85% test accuracy, AUC-ROC > 0.80.
- Built end-to-end ML pipeline: 80/10/10 split, Adam optimizer (lr=0.01), 100 epochs.

AWARDS & ACHIEVEMENTS

- Winner – Microsoft Imagine Cup Junior 2020 (Global Competition):** Built an AI-driven sustainability solution addressing construction and demolition waste recycling.
- Government Recognition – Central Govt. & IIHS:** Letter of Appreciation for designing a sustainable **Smart City plan for Padukone, Udupi**.
- Technical Competition Awards:** 1st Place – International Programmers Day (Web Application); 3rd Place – National Project Expo (HKBK College of Engineering).
- Public Speaking & Leadership Recognition:** Commendable Delegate (MUN); 2nd place in **State-level Rotary debate** and 3rd place in **VTU debate, elocution**.

LEADERSHIP & RESPONSIBILITIES

President & Treasurer – English Forum: Led debates, workshops, and public speaking events while managing planning, budgeting, and coordination.

Senior Editor (2024–25) & Sub Editor (2023–24) – JITIMES College Magazine.

Cultural & Literary Student Head: Coordinated large-scale institutional cultural programs demonstrating leadership and team management.

Model United Nations Delegate: Represented institution in competitive MUN circuits; awarded

Commendable Delegate for analytical debate and negotiation.
